

P.T. CRUISER

POA TRIVIALIS BLEND

Product Sheet

Characteristics:

P.T. Cruiser is a three-way blend of Sabre III, Laser and Sun-Up that are top performing Poa Trivialis varieties that have been formulated to provide improved performance on southern over-seeded tees, greens and fairways or permanent turf situations in cooler climates for shade.

Improved Results:

Scientific results have proven that using blends enhance genetic diversity. Genetic diversity provides improved germination and establishment plus greater resistance to pests, diseases, or other environmental stresses.

Features:

- Faster Spring Transition
 - Improved Bermudagrass Recovery
 - Excellent Putting Surface
 - Very Cold Tolerant
 - Dark Green Color
 - Fine Leaf Texture
 - Stoloniferous Growth Habit
 - Excellent Recuperative Ability
- Blends well with Perennial Ryegrass and Bentgrass

Putting Green Overseeding Trials
Clemson University 1997-98

Variety	% Bermuda		
	June 23	Color	Quality
Sun-Up	76.7	7.1	7.3
Winterplay	73.3	7.4	8.1
Stardust	71.7	7.6	7.7
Fuzzy	71.7	6.9	7.6
Laser	65.0	7.3	7.8
Cypress	63.3	7.5	8.0
LSD	12.8	0.3	0.4

Seeding Rates:

Southern Overseeded Greens

20# - 40# per 1,000 square feet

Southern Overseeded Fairways

10# - 20# per 1,000 square feet

Northern Permanent Turf Areas

2# - 3# per 1,000 square feet
