

Turf Type Bermudagrass

Product Sheet

CHARACTERISTICS

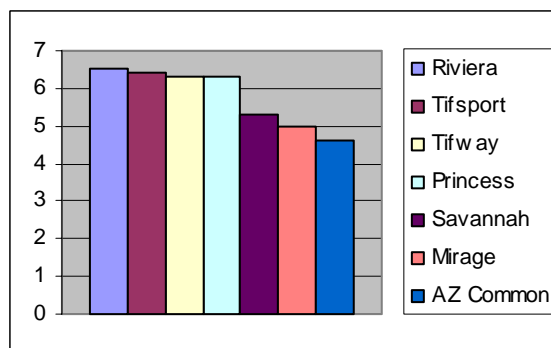

From universities, industry associations and independent testing programs, **Riviera** has earned top rankings and consistent high praise.

Riviera's quality, color, texture, uniformity and density have been NTEP top-ranked in its class, five years running. Time after time, it has proven its exceptional disease resistance and stress tolerance.

Riviera brings you the best benefits of Bermudagrass—greater stress and wear resistance, faster recovery—plus it's the Bermuda with unbeaten cold tolerance. So plant **Riviera** later in the season and see exceptional winter survival compared with others.
