

Kentucky Bluegrass

Yankee

Product Sheet

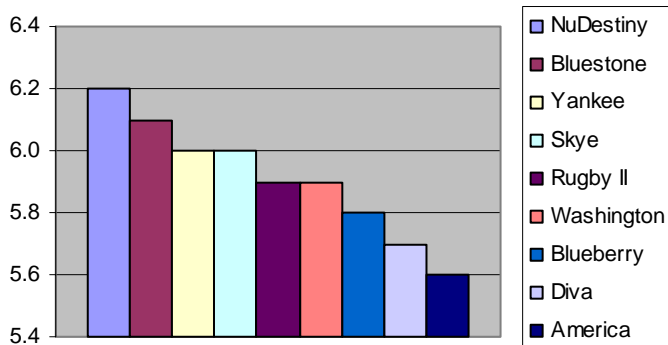

CHARACTERISTICS

Yankee is a new release that is classified as “Other Type”. This variety has shown excellent performance in all types of situations, such as home lawns, sod production, parks, sports fields, commercial properties, golf course fairways, tees and roughs. **Yankee** has shown excellent disease resistance to red thread, dollar spot, leaf spot and rust.

Yankee will provide winter color and density during the growing season. This variety blends very well with other top performing Kentucky Bluegrasses. Will mix with other grass species like perennial ryegrass, fine fescue and tall fescue.

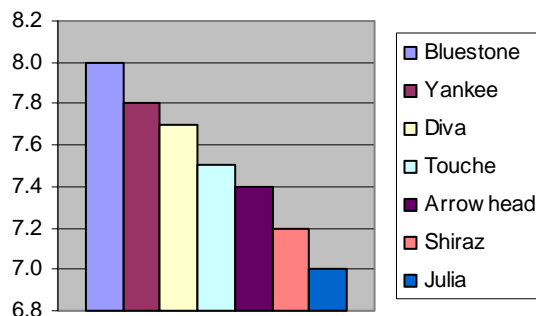

When looking for a top performing Kentucky Bluegrass, **Yankee** will deliver!
