

# Perennial Ryegrass

# Playoff

## Product Sheet

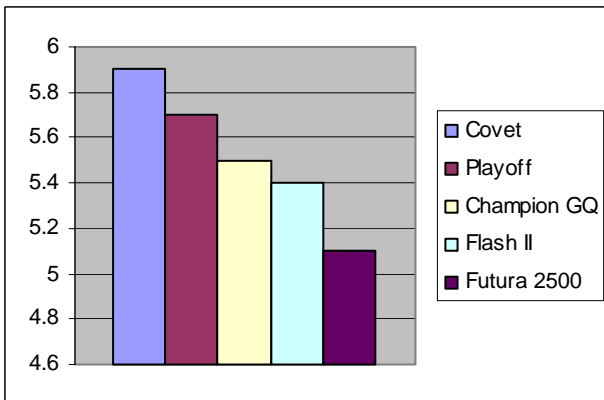

### CHARACTERISTICS

**Playoff** Perennial Ryegrass is the next generation of overseeding varieties. **Playoff** has been developed and tested exclusively for use in overseeding winter dormant warm season grasses.

**Playoff** establishes very quickly and provides excellent ground cover through the winter and spring. It's outstanding dark green color, fine leaf texture and winter turf density creates a lush attractive turf.

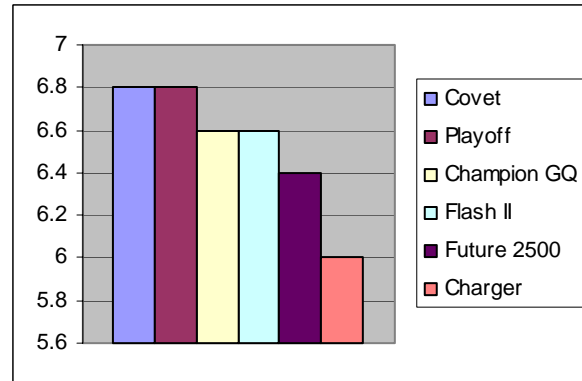

**Playoff** offers excellent performance during the spring transition season and return to native warm season grasses.

### TRIAL DATA

USGA/GCSAA/NTEP  
2004 On-Site Overseeding Trial  
At Pinehurst, NC  
Quality Mean Ratings 1-9, 9=Ideal Turf
