

Toccoa

Turf Type Tall Fescue

Product Sheet

CHARACTERISTICS

Toccoa Turf Type Tall Fescue is a new generation tall fescue that offers outstanding performance and lower growth habit for reduced clippings. Toccoa has shown to perform exceptionally well in the Southeast part of the US.

This variety has shown to have very good resistance to Brown Patch in hot humid climates. Other benefits that **Toccoa Turf Type Tall Fescue** offers are very good performance in drought conditions, early spring green up, fine leaf texture and dark green color. In the 2007 NTEP Tall Fescue data, **Toccoa Turf Type Tall Fescue** was shown to have very good sod strength compared to other varieties. **Toccoa Turf Type Tall Fescue** aggressive tillering helps maintain it's density and the ability to repair damaged areas of turf.

When looking for the best in turf type tall fescue choose **Toccoa Turf Type Tall Fescue** for your application use on home lawns, parks, sod production, sports fields and commercial properties.
